**ACT Partners Joins International Accounting Network TIAG®**  
*Membership in Worldwide Network Will Enhance Service to Clients*

ACT Partners announced today it has been selected for membership in TIAG® (The International Accounting Group), a global network of accounting firms. ACT Partners will be the exclusive member of TIAG for Malaysia.

TIAG members are invited to join TIAG only after undergoing a comprehensive vetting and selection process. Firms are carefully chosen based on professional competence, commitment to client service, reputation within the business community, and recommendations from existing members, and are ultimately reviewed and approved by the TIAG Advisory Board.

ACT Partners's membership in TIAG will enhance the service the firm is able to provide to its clients through affiliation with fellow TIAG accounting firms around the world.

“We are delighted to become members of this network and expect our clients will be the biggest beneficiaries of our association with TIAG,” said Ms. PY Chew, managing partner of ACT Partners. “TIAG will provide us with additional regional, national and international support to help us better serve our clients.”

“ACT Partners is an excellent firm, and we are pleased to have them as members of the network,” said Peter Appleton Jones, chairman and founder of TIAG. “The breadth and quality of their services as well as their reputation and prominence in Malaysia makes them an attractive resource for our membership.”
